~Campus Days~

We loved those elms!

How often, on a summers' day,
When school was dull and lessons hurried,
Safe from the sun's relentless ray
Beneath their soothing shade, we tarried!

There reigned great joy!

Gay Freshmen innocently played
Upon that lawn with grass thick-grown;
There gallant youth wooed lovely maid
And proudly claimed her for his own.

In sweet noon-hours—

Around the campus walk we strolled,
Where bits of gossip intermingled,
Were wafted on, enlarged two-fold,
Till many a young ear must have tingled!

Those well-worn steps—

Where many a Senior conned with zest
The trying problems of the nation,
Reviewing for a Civics test,
Or quiz on Burke's "Conciliation."

We loved them all—

But ah, that place we held most dear
That downcast hearts and faces lightened
That filled each student with new cheer
And sadly drooping spirits brightened.

Hail, building, fair!

Long stand the kindly cafeteria,
Scene of many a happy feast
Where Freshman is the Senior's equal
In appetite, at very least!

—Mary Klingel.

The Maroon and White School Song

I.

The great schools of all nations
Have their colors and their signs,
And heart thrills are awakened
As their banners fall in line,
So the Belleville Township High School
Has its colors true and bright;
And loyal hearts sing praises
Of the dear Maroon and White.

II.

Four years we serve our colors,
Get our lessons hard and long;
Four years we cheer our labors
With a gay and cheerful song;
Back our athletes in their struggles,
As they strive with all their might
For the honor and the glory
Of the dear Maroon and White.

III.

These years will soon be over
And in life we'll take our way,
There prove the truths here taught us
Strength imparts for every day,
Though the heads may tint with silver
Hearts will always thrill at sight
Of a banner, ribbon, pennant
Bearing old Maroon and White.

—Cora Whitloch.

Administration

HISTORY DEPARTMENT

HISTORY enjoys the distinction of being included in every course of study from the elementary schools to the universities. As a subject it can be made as interesting as the best novel of the great composers, thereby always holding the interest of the pupils and never becoming dull for the teacher.

The World War has elevated our country to a position that is surpassed by the name of the other great powers. Likewise it has been equally influential upon history in the leading universities, who since that time have made it a requirement in all of their classical courses.

The enrollment in the history classes of this institution has been as steady as the growth of our school. At present the classes are all large and an enlarged department to take care of its ever increasing enrollment for this subject will soon become a necessity.

THE LATIN DEPARTMENT

A GRADUATE of the Belleville Township High School may offer four units of Latin among the entrance requirements of a university or college. The first year's consists of a study of the principles of grammar, combined with translation into English of fables and events in Roman history.

In the second year the course begins with the translation of a description of Roman life and customs, continues with the history of Roman government, and then takes up in detail the history of Julius Caesar and the wars of which this great soldier was the leader. Composition based on the Latin occupies the required time.

During the third year Cicero's works and life furnish the basis of study, or as is being done this year a course in Vergil is being alternated with the one in Cicero. In this course the translation of the Aeneid is the primary function. Here the student becomes acquainted with the story of this beautiful epic, its immortal heroes and characters.

MATHEMATICS DEPARTMENT

THE study of mathematics aids the individual to reason logically, and to think straight.

Mathematics is a great body of truth which has played an important part in the development of civilization. From the crude attempts of the ancients to survey their lands to the completion of the great engineering undertakings of today, mathematics has been an important factor in the advancement of society. And just as a knowledge of history and literature is essential to culture, as they give us a clearer idea of social conditions, so is mathematics.

The department of Mathematics offers courses in Algebra 1 and 2, Geometry 3 and 4, Algebra 5, Geometry 6, and Trigonometry 7.

THE INDUSTRIAL ARTS DEPARTMENT

H. R. Brill, A. B., Wood Shops
A. A. Bohannon, B. S., Iron Shops

Leo A. Riley, B. S., Auto Mechanics Drawing
R. M. Denney, Mechanical Drawing

THE Industrial Arts Department was organized in the fall of 1917 with one instructor offering classes in Mechanical Drawing and Machine Shops. In the fall of 1918 another instructor was hired and classes in Wood-work were offered in addition to the Drawing and Machine Shops. The department was taught by two instructors for two years, when the demand for vocational work became so great that it required the services of a third instructor in the fall of 1920. At this time courses were offered in Mechanical Drawing, Wood Shops, Iron Shops, Forging and Auto Mechanics.

The department remained in the charge of three instructors for a period of eight and a half years, growing in equipment and in larger classes until in the Spring semester of 1928 a fourth instructor was employed.

At present each branch of the Department has its own instructor, who is especially trained for that particular line of work. The instructions in drawing cover two and a half years' work—one full year on elementary drawing, one-half year machine design, and one year of architectural drawing. The Wood Shops offer two full years of cabinet work including one-half year bench work, one-half year wood turning (lathe work), and one year mill work. When the classes are not too large, a fifth term is offered to students having had two years' work. The Machine Shops offer two full years with possibility of more advanced work to students desiring it. The first year's work includes elementary bench work in metal. Elementary lathe work, work on drill press and hack saw. During the second year the students are given advanced work on the lathe, shaper, milling machine and planer. Acetylene welding is offered to advanced students. The Auto Mechanics' course for the first year includes instruction in the purpose, materials of instruction, types of maintenance of the various units of the automobile. The second year is devoted entirely to the location and repair of the various troubles occurring in the operation of an automobile.

As a whole, the Vocational Department tries to give sound practical training along lines that will benefit the students when they go out to earn a livelihood.

—H. R. Brill.

SCIENCE DEPARTMENT

ONE of the best indications of the condition of an institution is the manner of its growth. A slow, steady, almost imperceptible, yet gradual growth points toward a healthy condition. The Belleville Township High School has had such a development; and in keeping with the increase in the enrollment of the school, the science department has had a similar growth. In ten years, the science faculty has increased from three instructors to six instructors; and the students enrolled have increased proportionately. During that time an additional laboratory has been equipped and many pieces of apparatus, both for demonstrational purposes and for student use, have been purchased.

A student may complete a full four year science course by studying biology in the Freshman year, botany or physiography in the Sophomore year, chemistry or zoology in the Junior year, and physics in the Senior year. Much credit is due Mr. Schmidt for the arrangement of the work. No laboratory stands idle; the rooms, equipment and teachers are scheduled for use in such a way that the greatest possible return is obtained from the money expended on this work. And while this has been done the standard of the work has not been impaired. Every course meets the requirements of the North Central Association.

DEPARTMENT OF PHYSICAL EDUCATION

PHYSICAL Education is the regulated and supervised practice of muscular exercises under conditions that tend to promote health, insure normal growth and development. It cultivates and develops strength, vigor and endurance; promotes quickness and skill; and strives for beauty of form. Physical Education also promotes obedience, exactness, order, alertness, self control, self denial, cooperation, good sportsmanship, morality and loyalty to leaders.

The gymnasium of B. T. H. S. is completely equipped with all modern apparatus. The work given consists of apparatus, calisthenics, rythmic work, games, tumbling and wrestling.

HOME ECONOMICS DEPARTMENT

THE Home Economics Department is divided into the Domestic Science Department and the Domestic Art Department.

The Domestic Science courses include two semesters of food study and one of home-making. The foods courses include planning, marketing, preparing and serving meals as well as their nutritive values. The Home Making course includes house keeping and the art of home-making. Numbers of this class have complete charge of the care and improvement of the model apartment. Through the cooperation of the shop's department, mirror windows have been installed in the bedroom of the apartment. The curtaining of these windows completed this project.

The Domestic Art courses include two semesters of clothing, and one of textiles and millinery. These courses include construction of garments and the study of textile qualities.

The Home Economics departments strive to make girls home-makers as well as housekeepers.

AGRICULTURE DEPARTMENT

THE object of all vocational training is to fit the student for useful employment. The aim of vocational agriculture is to prepare boys for the work on the farm.

The agriculture department has a room equipped primarily for instruction in agriculture. It is sufficiently equipped to demonstrate the improved scientific methods of testing milk, incubation of eggs, brooding chickens, grafting and pruning trees, testing soils, etc. A good collection of reference books, and several good farm papers, periodicals, and bulletins relating to the course offered are available for the use of the students of agriculture.

The department of the Belleville Township High School stands ready to help not only the boys enrolled in the classes, but all agricultural interests of the community.

ART DEPARTMENT

TO TEACH students to appreciate beauty and to create beauty is the real aim of art education. Before we can boast of artistic America we must develop a people who appreciate beautiful things. Therefore the Art course is organized to meet the needs of the majority of students rather than the few talented ones.

The Art course includes four years of arts and crafts. Such crafts as linoleum block printing, batik, and copper and silver etching are offered, as well as charcoal and pastel drawings of life and still life, design, composition, modeling and casting.

MUSIC DEPARTMENT

Our school of music offers theoretical courses in harmony, history of music, and appreciation. In applied music we instruct in wind and string instruments and piano. Interest was so great that we gave a night course in history and appreciation of music.

Again in 1929 we find our music department advancing. The band numbered sixty-five, compared to forty last year; the orchestra of this year had sixty members. Both the orchestra and band have played for the teachers' institutes and several civic organizations as well as at the customary semester concerts. Our saxophone quartet has gained favorable notoriety by their broadcasting. We hope, before the school term ends, to advertise our band and orchestra in the same way. In our vocal department we have an enthusiastic boys' quartet, a girls' quartet, and two choruses.

LIBRARY DEPARTMENT

The library, which is located in a large airy room on the third floor of the main building, is also used as the central study hall. It seats one hundred sixteen students, and houses the four thousand two hundred books which the school owns. At the present rate of growth, both in the number of pupils and of books, it will be necessary to rearrange the library to make the best use of the space available.

During the past year more use has been made of the books than has been done previously. Because of the help given by the pupils who are registered in Library Science course, the librarian is free for more personal work with the students who do not understand the library and its various tools. These library students will also be able to render assistance to others as they become better acquainted with the library.

The Library Science course is offered every day and gives one-half credit, the same amount as the office training course does. The course is divided into two parts, one for acquiring fundamental and the other for practice work, which not only helps impress the fundamental but also relieves the librarian of much of the routine work which formerly occupied a large share of her time. The course is especially valuable to those who plan to attend college and to anyone who hopes to work in a small library.

MODERN LANGUAGE DEPARTMENT

The aim of the Modern Language Department is to impart a general knowledge of the French, Spanish and German languages, and of the manners and customs of the European peoples.

Two years of these languages are offered. The greater part of the first year is spent in mastering the principles of grammar and in learning to read and to write the language. Simple stories and poems are also read.

In the second year, much time is devoted to the study of literature. As many classics as possible are read, and some modern stories, considerable time is also given to advanced composition and to the study of grammar.

Requests for a third year of German and French have been made, and may be realized.

ENGLISH DEPARTMENT

The English Department of Belleville Township High School has a two-fold purpose; first, to teach the ready command and use of the English language; second, to stimulate interest in and create a love and understanding of the literary masters of yesterday and today.

The English course of study allows ten weeks of each semester to be devoted to the study of rhetoric and the writing of compositions. Here, in the first two years, special attention is paid to the underlying basic rhetorical laws. In the last two years the development of the composition is stressed.

During the last ten weeks of each semester the course is designed to teach and instill into the minds of the students, "The love of the beautiful," as is reflected in the masterpieces of the literary artists.

The Senior English course is somewhat broadened, at which time the more technical branches of English are taught, namely Public Speaking and Journalism.

COMMERCIAL DEPARTMENT

"The changed score, character, and methods of modern business have united to demand men with a superior training to anything that was ever needed before as the successful commercial leaders of the future. That general training cannot be had in the highly specialized process of the routine work of the office. The practical school of experience is too wasteful as a teacher of general principles. There will, of course, be the exceptional man who will come up through the routine training and dominate his field by the force of his intellect, but in the main the new conditions of affairs demand a superior training such as only the schools can give."

—Frank A. Vanderlip.

The High School Commercial Department is endeavoring to meet the demand of the modern business through a well organized curriculum, consisting of a two-year stenographic course, a two-year business course and a four-year commercial course.

There are approximately seven hundred enrollments in the various subjects offered in this curriculum, under the supervision of six full time instructors.

EVERY individual, man, woman, and child, has the inalienable right to make the most of his or her life. Education contributes to the enlargement of life, it contributes to the fullness of life, it contributes to the usefulness of life.

Education is the great leveler. It brings all down to the same plain from which and upon which all must start, but from which it offers distinct and individual treatment according to the possibility of each individual. It lingers at the fireside of the hovel and palace, it brightens and broadens by day and by night. Education lifts humanity out of the mire of superstition and the sin of ignorance into the light of knowledge and happiness.

Hence in every day, in every way, let us have more and more education.

HISTORY OF THE CLASS OF '29

Four years we served our colors,
Got our lessons hard and long;
Four years we cheered our labors,
With a gay and cheerful song;
Backed our athletes in their struggles,
As they strived with all their might
For honor and for glory
Of the dear Maroon and White.

THUS sang the Seniors of the class of '29 as they sat on the platform waiting for the great Admiral to pin upon their bosoms the badge of four hard years of labor and hand to them the passports for the greater life, each one carrying

with him the memory of that eventful Senior year. The play, the best ever given by any Senior class; the planting of the tree, the living memorial of the class of '29; the great battle of the ages in which the Juniors were so badly defeated, and the Seniors, amid pomp and ceremony, carried off the spoils. Then finally came the greatest task—the Bellevinois. Long hours of hard work and worry revealed the true ability of this class. The book of '29 outstanding amid all year books.

Then their thoughts go back to the September they came back to the institution of learning as upperclassmen, their aim realized. Who could forget their Jamboree and Prom, those spectacular nights that every Junior looks forward to, when they hoist their banners of orange and blue.

With awe they look upon their sophomore year as merely occupying seats in classes. Their timidity, decreasing by degrees, and their hope for a brilliant future.

Then with a faint smile they look to the days when they were hazed and called "Freshies." When the upper-classmen sent them to the office for lunch chips and told them where to catch the elevator, and to be sure not to let the L. G. on any admits issued by anyone.

Thus in life they take their way, proving the truths they were taught, carrying with them fond memories of the dear old school, and proud to call themselves graduates of the class of '29.

CLASS OF 1930

ONCE upon a time there was a mighty king, who ruled over a vast palace on West Main Street, Belleville, Illinois. In this castle, termed the B. T. H. S., this ruler with the aid of his attendants, reigned over his subjects, boys and girls for four years following their grade school life.

And so, when his Majesty ordered a new class to receive knowledge in his colossal abode, in September, 1926, a group of wild little demons stepped upon the threshold. Guardians were elected to help the class along. At the end of the first year remarkable changes had taken place. On the outside of their heads were the '30 caps, of their class colors, maroon and grey, while within these same heads a large store of that "stuff" called knowledge had accumulated.

Then the life as sophisticated sophomores began. The class's ability as a whole and as individuals increased. The newly elected guardians watched over it, while certain ones earned recognition for themselves as musicians or athletes. This continued until mid-June, 1928, which date ended the "Sophomore Struggle."

But now, they as Juniors have climbed. Under the aid of Kenton Christopher, president; Ellen Bleiker, vice-president; Leroy Schaufler, sec'y.-treasurer; and Mr. R. L. Thorne, class sponsor; handsome rings have been purchased, and each individual is helping to support his class. A successful Junior Jam and Prom was managed by the Junior class, not to mention anything of next year, when they will attain the highest position one subject to the king may earn—that of being a Senior.

—By a proud member of the Junior Class, '30.

CLASS MOTTO

"It takes a long time to bring excellence to maturity."

Publius Sirus, Maxom 780

"THE SPIRIT OF '31"

THAT cold, dreary month of January 1927, brought the coming of the "Spirit of '31," a plane filled with the ambitious students whose aim was to higher the merits of the B. T. H. S.

The Old Rose and Silver plane was piloted by Charles Munden, an aviator who was experienced in leadership. Under his care and untiring watchfulness the "Spirit of '31" made many a successful flight through the various class problems of the year. For assistance, Charles had very good material in Wilbert Ehret and Elizabeth Voelkel, who tried very much to succeed in their attempts for the good of the class. Through these leaders the class attained a high reputation of school spirit.

But in September 1928 the class of energetic Sophomores decided a change should be made in the piloting of the enlarged Sophomore plane. The task was awarded to Elizabeth Voelkel, who made a fine showing of her leadership. Some of the passengers of the "Spirit of '31" have shown very much interest in our school affairs and have increased the standard of the school.

Thus the year came to a close and the frisky Sophomores, who will soon be shy Juniors, are in quest of a bigger and better plane for the years to come. Bye and bye these sophisticated Sophomores will pass from the school by graduation to higher institutions of learning, and years later members of the faculty will remind the students of what a fine and progressive class the class of '31 had been.

—Sam Pessin, '31.

HISTORY OF THE CLASS OF '32

HOW well we, of the Freshmen Class, remember the first registration day. The halls were crowded with other Freshmen who were just as excited and confused as we were.

After the first few days we began to feel better acquainted with our surroundings. There were fewer opportunities for the upper classmen to laugh at us for getting in the wrong classes or for forgetting which days we had chorus or gym. We have survived our final examinations and we hope to survive the next ones.

The Freshmen who started the second semester carried their belongings with them for a few days, but they are getting along better now.

Among some of the other things that we have done was to hold a Freshmen meeting. We elected our officers: Elmer Randle, president; Peter Bonimo, vice-president; and Doris Kaiser, secretary-treasurer.

All of the Freshmen have taken active parts in the clubs and societies to which they belong. Some of them have played in the orchestra and band.

The class as a whole has been loyal to the school and through the four years of our high school life we shall strive to continue so.

—Sarah Mary Farthing, '32.

THE ALUMNI ASSOCIATION

THE object of the Alumni Association is to bring the graduates of the Belleville Township High School into closer relationship for the betterment of the individual and the progress of the school. The purpose of the organization is to sponsor and support worthy campaigns of the school.

All graduates of the Belleville Township High School automatically become members of the Alumni Association. The interest shown toward the organization by the members will class them as active or passive members.

The Saturday evening following commencement had been the regular meeting date of the Alumni Association up to 1928, when a lack of interest among the graduates caused the meeting to be held in connection with the regular Parent's Evening of Commencement Week. The officers for the ensuing term were elected.

Like a clear boom out of the sky, the actual existence of an alumni of the B. T. H. S. became a reality when on the evening of July 3 officials met and laid plans for the ensuing term. Encouraged by the old theory "that you must have a certain goal to reach before you start on your journey to success," a motion was passed that a scholarship be awarded to some worthy deserving member of the graduating class. This motion called for other suggestions whereby the association could raise a suitable sum of money to give the college scholarship. It was decided to give a farewell dance to all college students, and Secretary King Ehret volunteered to give the use of the Ehret's Recreation Hall for such an occasion. Plans were also laid for a football game, basketball and baseball contest, and a dramatic entertainment.

As a climax for a year of interest and activity, the Alumni then presented the "Alumni Frolics" on February 8 in the B. T. H. S. Auditorium. From a financial standpoint, the entertainment was a success and enough money was raised to assure the scholarship which is to be given to some worthy and deserving member of the 1929 graduating class.

REVIEW OF FOOTBALL SEASON

BELLEVILLE 39—MARISSA 6

Showing plenty of fight and pep, the B. T. H. S. football hopes beat Marissa 39-6, in the initial game of the Maroon and White gridiron season. The team boasts of one of the heaviest lines for some seasons, although there are only three letter-men back.

The first touchdown was made by Belleville after a nice pass and a line plunge. In the third quarter, Cole ran around right end, fifty yards for another touchdown.

Coach Gunderson sent in the second team in the last quarter, and Marissa, fighting hard, finally pushed the ball over after our seconds held them three downs on the one-yard line.

BELLEVILLE 2—CLEVELAND 32

In the second and final "warm-up" game, the Maroon and Whites were turned back by the Cleveland High football team.

The team used the same fight and courage as was shown in the first game against the little Marissa aggregation, but their best efforts proved futile against the more experienced and much heavier Cleveland troupe.

They were also held scoreless by the "Mound Cityans" save for a safety. The locals gained their safety in the second quarter when an attempted Cleveland pupil from the two-yard line, after a long punt by Zaber was poor and the wind carried the ball over the goal line, out of bounds.

BELLEVILLE 0—ALTON 0

The opening game of the Southwestern Conference, which was played in the "Hilly City," Saturday, October 1, resulted in a scoreless tie.

The Maroon and Whites showed a wonderful defense, as the nearest Alton got to Belleville's goal was the twenty-yard line.

Belleville, on the other hand, might have scored were it not for the costly fumble in the closing minutes of the first quarter, and the sudden ending of the half.

BELLEVILLE 12—COLLINSVILLE 26

In the third conference tilt, on Saturday, October 27, the Maroon and White gridders fared defeat at the hands of Musso and his Collinsville Kahoks, to the tune of 26-12.

Both teams scored a touchdown in the final quarter. Belleville got its touchdown on three passes.

Captain Musso of the Collinsville Kahoks was the outstanding player of the game. Logan and Captain Zaber starred for the Belleville team, these men being responsible for Belleville's only scores.

BELLEVILLE 0—WOODRIVER 0

Belleville and Woodriver played a scoreless tie, Friday, November 10, on the Maroon and White gridiron.

Both Belleville and Woodriver played throughout the combat. The defense of both the teams was particularly outstanding.

Both teams played on par with neither getting into dangerous territory, until the third quarter when Woodriver accomplished a thirty-yard pass.

All Belleville players made a good account for themselves. Logan and Chouinard's tackling was outstanding, and the backfield helped a great deal in the defense.

REVIEW OF FOOTBALL SEASON

ALUMNI 0—REGULARS 25

The B. T. H. S. football eleven shut out the Alumni, Friday, November 2, 25-0 by their superior passing.

Neither team came close to the goal within the first quarter, the regulars showing a slight edge in plays. The Maroon and Whites scored again in the last quarter after three consecutive passes in the third quarter. The ball was then moved to the other goal and Chouinard fell on it for a touchdown, when Benino fumbled. Exchanges of punts followed, and when the final whistle blew Belleville was ahead, 25-0.

BELLEVILLE 6—GRANITE CITY 25

The Granite City eleven proved to be too much for the High School football team, Friday, October 19, on the local gridiron, when Belleville was defeated 25-6.

Zaber, full-back of the local squad, and Wilson, full-back of the visitors, were the outstanding players of the day.

Our first touchdown was made when our star left end, Logan, snooped up the ball and ran ten yards for a touchdown. The first and only touchdown was made in the first quarter.

Granite's backfield was too fast for our heavy team, and with wonderful help on the part of his team mates, he again made a touchdown and the game ended.

BELLEVILLE 0—EDWARDSVILLE 12

The Edwardsville Tigers defeated Coach Gunderson's Maroons by a 12-0 score on Monday, November 9.

Touchdowns were both scored by Tenor, Edwardsville's star half-back. One was on a fumble by Kardinsky on their own fifteen-yard line. The other was an interception of a long forward pass, Tenor catching it and running about forty-five miles.

Kardinsky played his initial game at right half-back, playing a fine game. Zaber made some long punts and some long passes towards the end of the game.

BELLEVILLE 0—EAST ST. LOUIS 20

For the first time in the history of the Belleville Township High School the Maroon and White football team failed to win at least one game in the Southwestern Illinois conference, during the present season which the men completed here yesterday morning when they suffered a 20-0 reverse at the hands of East St. Louis.

Captain Zaber, who with Edwin Logan, Cornelius Meeker and Richard Schramm closed their High School football careers against Belleville's traditional rivals, was the star of the local aggregation in the Turkey Day tilt.

Logan and Meeker also played their last game in an impressive style, after throwing East Side ball carriers for losses.

Belleville had the much heavier team on the muddy ground, but the visitors proved to be much faster and more seasoned.

COACH GUNDERSON

Although his was not the most successful football team, Coach Gunderson highly improved the technique of the football squad; spicing it a bit with heavy fight and pep.

He put the same spirit and effort into his coaching of the track teams, and here, too, proved a successful coach.

Top Row—Coach Gunderson, Ehret, Aufdenspring, Casperson, Kardinsky, Stiehl, Rogers, Meeker, Coburn, Zaber, Butts, Schramm, Logan, Chouinard Dr. Heilegenstein.
 Middle Row—W. Ehret, Price, Randall, Bullington, J. Rauth, Bonino, Schmisser, Becker, Mintel, Meyer, L. Cole, Corwin.
 Bottom Row—H. Reinhardt, Gerdes, Rauth, Biggs, Guenther, Hemmer, Green, Fitzgerald, Linder, Tennenbaum, Randle, Taylor, Daniels, Spies, Price.

CAPT. HENRY ZABER—FULLBACK

As captain of the team, "Zack's" work was excellent and his spirit was peppy. He was considered one of the best punters of the Southwestern Conference. "Zack" always fought hard for the Maroon and White. He will be lost to the team, due to graduation.

**PETER BONINO
HALFBACK**

"Pete" was a Freshman, but that didn't stop him from playing on the first team. He was light and short, but when he tackled they stopped dead. Pete has three years more of football and much is expected of him.

**ELMER CASPERSON
HALFBACK**

"Casp" was a successful back field man and helped very much in the plunging and end runs. He had one year to be on the squad and it was a successful one. He will not be back next year because of graduation.

**CORNELIUS MEEKER
GUARD**

"Corky" was one of these short heavy set fellows who did a lot of damage in the line. Very seldom he became angry, unless someone hit him hard—then he fought. Time was always too short for him in a game. His one ambition was to earn a letter, which he received in his Senior year.

RELFE EHRET—GUARD

Relfe was a sub, but could be depended upon to fill any position on the line. He will prove to be a valuable man next year. He helped a lot in the line, filling places when the players had "off days."

RICHARD SCHRAMM GUARD

"Dick," one of the guards, worked hard and missed a few quarters, but as long as he played he fought hard and deserved a lot of credit. It was Dick's last year, after playing for two years.

JOSEPH BUTTS CENTER

"Joe" never quit while he played. He received many hard knocks, but always was smiling and never did complain of sore spots. He was always at the bottom of the pile. "Joe" will be back next year to help Captain Eddie in Conference scraps.

ALEX. CHOUNIARD TACKLE

"Alex" proved a valuable man on the line in his first year with the squad. He did a lot in stopping line plunges and tackling hard. "Alex" will not be back next year, and he will be missed a great deal.

CAPT.-ELECT EDDIE ROGERS—TACKLE

"Eddie" was the other heavy man on the team. When he tackled anyone they surely did feel it. He usually set the other team for a loss by breaking through before they got started. Eddie was elected to lead the team next year. We hope he can get a Conference Championship.

HOWARD PRICE—QUARTER BACK

Price was little but mighty. They weren't too big for him. You could depend on him to squirm through the line for several yards. Howard still has another year with the squad.

EDWIN LOGAN

END

"Bus" was the boy that got under the passes. He played hard and had no end of fight, and he didn't miss a game. It was his second and last year on the squad. "Bus" was one of the best ends developed at the High School.

ROB. AUFDENSPRING

HALFBACK

"Bob" was quiet and reserved because it was his first year at the B. T. H. S. He had formerly played football with Cathedral High School. He could hit the line hard for several yards every time. He played right half. "Bob" will be back next year, and will prove a very valuable man to the squad.

HARLEY STIEHL

RIGHT END

Harley played right end, and was a stone wall to the Conference teams in their attempts to make end runs. He could catch passes which seemed impossible to catch. Because of his height he could reach over the interference and tackle the ball carrier. Harley will be back next year, helping the line.

COACH F. J. FRIEDLI

Too much cannot be said of Coach Friedli and the services he has rendered to our High School. He ran true to form this year when he produced a championship team, which was another gain to his brilliant career as our basketball and baseball coach.

Back Row—Edwin Logan, Robert Aufdenspring, Jim Casperson, Henry Zaber, Harley Stiehl, George Altmansberger, Philip Young, Craig Hull, Wilbert Ehret.
Middle Row—Bernard Cole, Elmer Hirth, Coach Friedli, Kenneth Humphrey, Howard Braun.
First Row—Arthur Fruth, Ernest Glossop.

KENNETH HUMPHREY

FORWARD, CAPTAIN

"Hump," the fighting forward and captain of the 1929 basketball team, was a good leader. He was in the game at all times with the determination to win. Captain Humphrey will be lost to the team by graduation, and will be greatly missed in future contests.

ROBERT AUFDEN-
SPRING—FORWARD

"Bob" was a fast forward. He kept the opponents' guards busy stopping his offensive plays. He will be back to form part of the scoring line next year, and a great deal will be added to his vast store of basketball knowledge.

HENRY ZABER
FORWARD

"Zach" played his second year as a regular on the basketball team. He was a good player and was in the midst of the tussle at all times. When a tally was needed he could always be counted upon to score. He will be lost to the team because of graduation.

GEORGE ALTMANS-
BERGER—GUARD

George was a sub for three years and then he came to light and played in a great deal of the games. George was a game kid and a fighting fool. He earned a letter in his Senior year, which closed his basketball career at this school.

ELMER HIRTH

GUARD

"Hirthie," was played at guard, never failed to make a basket when it was needed. He was a consistent fighter and could be depended upon to "stick" his man at all times. This ends "Hirthie's" career as a basketball player on the B. T. H. S. squad.

CRAIG HULL

CENTER

Craig, who played his second year on the team, has another year before him at center. He was a menace to opposing guards throughout the whole game. Craig will be of great use to the team next year.

HARLEY STIEHL

GUARD

Harley played his first year as a regular guard, held down his position as a veteran. He could always be depended upon to get the ball off the backboard. He will make some very valuable material for next year's team.

BERNARD COLE

FORWARD

"Barney" was a great fighter, and could always be depended upon to do most anything. He was a fast man and because of this he broke up many of the opponents' plays. We hope to see some more of Barney's good work next year.

WILBUR EHRET

FORWARD

"Brick" was capable of playing any position on the floor. He will bring back another championship bunting next year. "Brick" had about the most accurate shot of the whole squad this year, and will prove dangerous to the opposing teams next year.

March 6, 7, 8—District Tournament		

DISTRICT TOURNAMENT

The Tournament was played at the B. T. H. S. Gym on March 7-8-9, beginning Thursday night and ending Saturday night.

Belleville drew a bye for the first round of games and on Friday night met the winners of the Dupo-Marissa game.

The second team played the whole game and showed its superiority over Dupo. On Saturday afternoon the Maroons met Mascoutah and easily defeated them, the whole team had taken part.

Then came the finals and Belleville met its old rival, East St. Louis. During the whole game Belleville kept a lead of several points and when the gun went off Belleville had won, which gave them the right to go to the Sectional Tournament held at Salem, March 17-18-19.

At the Sectional Tournament the Maroons again drew a bye and played Granite City who defeated the Maroons by a score of 36-18.

REVIEW OF BASKETBALL SEASON

THIS was the first game for the Maroons and they were still being polished by Coach Friedli. Mascoutah frightened Belleville, but the game finally ended in favor of Belleville, 23-22.

The Maroons next met Lebanon, which ended in a 15-12 defeat for Belleville.

Dupo came to Belleville with a fairly good team, but the Fighting Five proved their superiority by piling up a score of 39-15.

Belleville received Lebanon with a determination to avenge themselves, as they did with a 24-0 victory over the opponents.

Mascoutah found a different team on the floor that night—a team who kept them guessing and who scored at will. The contest ended 34-10.

The Conference opened December 14 with Woodriver. The Fighting Five defeated the Oilers, 26-18.

Edwardsville was the weakest team in the Conference, not having won a game, and the Maroons added another defeat by a score of 26-8.

Belleville went down to play one of the best teams in Southern Illinois. It was here Belleville played a real hard game and defeated them, 35-27.

Belleville met its old rival and foe at East St. Louis, who were playing a good game of basketball. The Maroons, full of spirit and pep, took the game by 22-15.

Collinsville again proved the jinx to the winning streak of the Maroons and handed them their first Conference defeat by 18-12.

Here the second team played a good game. The team piled up a score of 27-14.

One of the greatest upsets of the Conference took place when Belleville played at Granite City, January 15. It was the worst defeat suffered in ten years, the final score being Granite City 54 and Belleville 18.

On January 19, Belleville played Alton, as a fighting passing team which led the scoring during the whole game. Leroy Schaufler, a regular, broke his leg in the third quarter while making a basket. Alton was held to six points while Belleville made twenty-one.

Belleville played a good defensive game at Woodriver January 25, but their shooting was in a bad slump. Belleville fought to the end, but lost by 20-12.

Mount Vernon came to Belleville January 26 to avenge an early defeat. Belleville's shooting was still in a slump and the game ended in Mt. Vernon defeating Belleville 22-16.

Edwardsville proved an easy victim for Belleville, who scored at will. Belleville regained some of its shooting form and piled up 36 points to Edwardsville's 21.

East Side played Belleville February 1 on Belleville's floor. The game wasn't won until the end. The score see-sawed up and down until the final score ended 21-20, in favor of Belleville.

Granite City came to Belleville figuring on an easy victory as they did the first game, but the first half surprised them so that the Friedlimen ran away from them. The game ended with the score 20-17, in favor of Granite.

The last game of the Conference for the Maroons was at Alton. This game meant third place. The game was slow, deliberate passing made up for time with Belleville having things their own way. The final score in favor of Belleville 21-10.

Belleville traveled to meet the Conference Champs on their home court. The Kahoks had their best team on the floor to stop the revengeful Fighting Five, but failing to pierce their defense Belleville lost 30-15.

Top Row—Ehret, Bonino, Zaber, Aufdenspring, Stiehl, Groom, Butts, Taff, Green, Coach Friedli.

Bottom Row—Luetzelschwab, Braun, Glossop, Pistor, Brautiegam, Grieves, Friedman, Goodal, Cole.

PERSONNEL OF BASEBALL TEAM

HENRY ZABER—PITCHER

"Zack" was rated as the best pitcher in the Southwestern League, and so he lived up to his title. He had a dazzling speed and a cool head at all times. He will be lost to the team by graduation.

WILBERT EHRET—CATCHER

"Brick," a Sophomore, made the team as a first-string catcher. He was brainy and knew how to handle the pitcher. He was also a good hitter, and his batting helped to win many games.

ERNEST GLOSSOP—FIRST BASEMEN

"Ernie" covered first base like a veteran. He was poison to pitchers, and he worried them with his sunny smile. He is a Sophomore and will be a team mate to "Brick" for two more seasons.

BERNARD COLE—SECOND BASEMEN

"Barney" had all the style of a major leaguer, and his steady playing helped in keeping up the spirit in the infield. He batted as cleanup man in fourth place and was always good for one or more hits. This is his last year and he will be missed greatly by the team.

GEORGE GOODALL—THIRD BASEMEN

George, tiny third baseman, never found them too hard to stop. He was little, but his work with the bat proved effective. He will again help the team next year.

RAYMOND BRAUTIGAUM—CENTER FIELD

"Ray" got under all those long flies that came out into center field. At bat he got hits when they were needed. He will be lost to the team by graduation.

HARLEY STIEHL—RIGHT FIELD

Harley helped "Ray" and covered the right field. He could hit out long drives along the third base line good for more than one base. As Harley is a Junior, he will assist the team next season to win the championship.

HOWARD PISTOR—SHORTSTOP

Howard played opposite Cole and pulled off those fast double plays. Singles were his specialty at bat. He will cover shortstop next season.

VICTOR FRIEDMAN—LEFT FIELD

"Vic" had played left field for the past two seasons. "Vic" covered his territory like a veteran. He will be back with the regulars next year, and much is expected of him.

Top Row—Mr. Trabue, Spies, Ruhman, Hambleton, Eckert, Coach Gunderson, Smith, Ehret, Stolberg, Friedman.

Bottom Row—Zaber, Casperson, Rogers, Coburn, Cole, Casperson, Aufdenspring, Logan, Schramm.

Organizations

GENERAL LITERARY SOCIETY

President.....BERNADINE BULLINGTON
Vice-PresidentWILLIAM KARDINSKY
Secretary-Treasurer.....RITA BRAUN
Sponsor.....MR. H. G. SCHMIDT

The General Literary Society is one of the largest and most successful clubs. It promotes literary interest, to assist students to make a good public appearance.

The programs are always interesting as well as educational. They have consisted of a variety of musical numbers, speeches, poems, vocal and humorous selections.

MUSIC CLUB

President.....ALEX MUELLER
Secretary-Treasurer.....JOHN STRAUB
SponsorMR. STAPLES

The Music Club was founded three years ago by several music students in co-operation with Mr. Staples. Its purpose is to promote a better understanding and appreciation of music, to give the performer an opportunity to appear in public, thus eliminating stage-fright. It strives to raise the school spirit among the students by giving some sort of entertainment to which the entire school is invited.

Mr. Staples contributes a talk on music the latter half of the club period.

The club has gradually increased in size since its organization, now totalling about fifty members.

THE ADVERTISING CLUB

First Semester

President.....ARTHUR KASTEL
Secretary-Treasurer.....ELEANOR KUHN
Vice-President.....PAUL SCHLESINGER

Second Semester

President.....KENNETH GREEN
Vice-President.....FRED KASTEL
Secretary-Treasurer.....ELEANOR KUHN
Sponsor.....MR. TRABUE

The Advertising Club was organized the first semester of the year 1927-1928. The membership is limited to Juniors and Seniors who are taking or have completed at least two subjects in one of the commercial curriculums.

The purpose of the club is to create interest and stimulate the study of advertising for all school activities. The members of the club desire that the different organizations of the school will consider the club anxious to help with any advertising program.

LETTERMEN'S CLUB

President.....HENRY ZABER
Vice-President.....WESLEY COBB
Secretary-Treasurer.....ELMER HIRTH

The Lettermen's Club was organized in 1925. Those eligible to belong are all boys who have won a letter in some sport.

The purpose of the Lettermen's Club is to promote better sportsmanship and to create an interest in athletics. During the year some of the former athletes of B. T. H. S., such as Dr. Winkler and Fred Smith, have spoken to the club.

One of the things that the Lettermen's Club participates in is the giving of dances. This year three dances were given by the club, and each one was successful.

LETTERWOMEN'S CLUB

The Letterwomen's Club was organized in 1928. At present it has 20 members. The club is composed of girls who have earned "B's" in the Girls' Athletic Association.

The girls wear small gold and onyx "B" pins, emblematic of the membership in the Women's "B" Club. The letters are blue and white, which are the state association colors.

Programs concerning women's activities in sports are presented at each meeting.

Miss Dill, the sponsor, has worked hard with the club. With her help it has sponsored several successful functions this year and has become one of the most active clubs of the school. The girls have prospects for a very successful club next year.

PHILO CLUB

First Semester

President BERTHA LOCKHARDT
Vice-President MILDRED KAUFMAN
Secretary-Treasurer JEAN DIEHL

Second Semester

President JOSEPHINE BRIDGES
Vice-President BERNICE VOLAND
Secretary-Treasurer HELEN EIDMAN

The Philo Literary Society is restricted to Freshmen and Sophomore girls. This club was organized in 1917.

The purpose of this club is to promote a friendly feeling among its members and to study literature. The club also gives hikes and parties for its members.

In October, about the thirty-first, the club gave a hike. Out at the farm they had an entertainment.

The entertainments in the club are according to the time of the year, and holidays are always celebrated if possible.

LATIN CLUB

First Semester

President ADWIN KRAEMER
Vice-President IRVIN SPIRTAS
Secretary-Treasurer GERTRUDE MARTIN

Second Semester

President JOHN GRIEVES
Vice-President FRANKLIN DAY
Secretary-Treasurer IRVIN SPIRTAS
Sponsor MISS PEARL JOHNSON

The Latin Club is an organization for the purpose of increasing the students' interest in the Latin language and the customs of the ancient Roman people.

The members enjoy Latin spelling matches, Latin myths, poems and games. Sometimes a play is enacted, or Latin cross-word puzzles are worked out by the members.

TUMBLING CLUB

<i>President</i>	ARMIN GANTNER
<i>Vice-President</i>	DAN VIVIAN
<i>Secretary-Treasurer</i>	ROBERT MEYER
<i>Sponsor</i>	E. G. GUNDERSON

Tumbling is one of the best body builders and mind developers. An alert, quick-thinking mind and a strong supple body is an asset in any phase of life. It teaches one to land on his feet, keep his balance, and be more graceful in his movements.

Membership in the Tumbling Club was limited this year. Other years the club has had a few lazy members who had no desire to knuckle down and learn something. Therefore, this year careful "weeding out" was done, which improved the club greatly.

The Tumbling Club has participated in many events during the past year and has always met with success and approval.

B. T. H. S. GLEE CLUB

President.....ADELE RUHMAN
Vice-President.....IRMA PFISTER
Secretary-Treasurer.....SARAH MAY FARTHING
Sponsor.....MISS SYLVA SNYDER

B. T. H. S. Glee Club is the club that's full of glee,
 Trilling all the day;
 Never was a Glee Club quite so full of fun as we;
 Young and fair and gay.
 Hear the First Soprano voices, soaring up on high,
 Cadence sweet and clear,
 In the finest quavers lightly floating from the sky,
 Falling on the ear.
 Second Sopranos, standing near, quickly follow flight,
 Echoing their call;
 Like a silver bugle note which pierces thru the night
 From a rampart wall.
 We, First Altos, like the waters of a hidden brook,
 Softly, sweetly flow;
 Like its gentle ripple in a quiet, shady nook,
 Murmur soft and low.
 Second Altos falling like the tread of many feet
 Marching merrily;
 Closing up the harmony and making all complete;—
 Rarest Melody!
 Blending all our voice in a chorus full of cheer,
 Blithe and strong and free;
 We'll brighten up and lighten up the corners dark and drear
 With our songs of glee.

COMMERCIAL CLUB

President.....MARY LAPKA
Vice-President.....MARIE REZNY
Secretary-Treasurer.....DOROTHY SCHMEDER

The Commercial Club, one of the largest in the Belleville Township High School, was organized in 1916. Any student who is enrolled for one or more commercial subjects may join the club. The purpose of the club is two-fold: To create the desire to become efficient business men and women, and to encourage the feeling of good fellowship among the students.

The members of the club are given the opportunity to compete in the state and sectional contests in typing, shorthand and bookkeeping. The entry fee is paid by the club.

At the meetings, well-known business men frequently discuss their views of business and business methods, with the hope of giving the students an opportunity to learn more about the business world.

AGRICULTURE CLUB

<i>President</i>	EDWARD MUNIE
<i>Vice-President</i>	ARKELL WEYGANDT
<i>Secretary</i>	EMIL FUCHS
<i>Treasurer</i>	OTTO WEYGANDT
<i>Sponsor</i>	L. F. LENTZ

The aim of the club is to encourage and promote among young people vocational agriculture in the school and at home.

The Ag. Club furnishes an opportunity through organization and training for active and efficient leaders.

The activities of the club sponsored this year were: Poultry, Farm Product and Dog Show, Hog fattening project and baby chick project, also social gatherings, wiener roasts, and the holding of the annual Parent and Son Banquet.

The Banquet which is the main social affair was held May 3. Over two hundred parents and friends attended. The main speaker was Francis G. Blair, State Superintendent of Public Instruction.

CRAFTSMANS CLUB

President.....WILBERT EHRET
Secretary-Treasurer.....HARRY TROUBE
SponsorMR. DENNY

The Craftsmans Club was organized in 1917, twelve years ago. The organization in its infancy had eight members, while at the present thirty or forty members are enrolled.

The purpose of the Craftsmens Club is to give its members the opportunity to broaden their field of knowledge along mechanical and industrial lines.

Only those students who have, or at the present time are taking shops work, are eligible for membership in this organization.

SCIENCE CLUB

First Semester

President.....EUGENE FINKE
Vice-President.....VICTOR FRIEDMAN
Secretary-Treasurer.....OREL SCHOPP

Second Semester

President.....WALTER GLOGOVSEK
Vice-President.....ELMER CASPERSON
Secretary-Treasurer.....ROBERT KLOESS
Sponsor.....MR. CROSS

The club was organized temporarily in February 1923 and organized permanently in September of the same year.

The interesting programs of the club consist of the discussion of scientific problems and discoveries of the day. The purpose of the club is to keep the students informed of the latest inventions and scientific discoveries.

One of the attraction of the club is the annual outing which is held at Bellevue Park.

GIRLS' ATHLETIC ASSOCIATION

President ELMA TRIEB
Vice-President ELLEN THOMPSON
Secretary-Treasurer DORIS HEMMER
Sponsor MISS DILL

Girls' interest in athletics has increased this year mainly through the introduction of a lady gym teacher for the girls.

Besides the usual games of indoor baseball and girls' basketball, archery, soccer and hockey are being introduced into the girls' program. Interest in tennis has also caused the continuation of the girls' tennis team.

The Girls' Athletic Association has increased in the number of members and many have won awards. Two girls have won awards including the first State award.

This year the order in which the awards are received has been changed. The shield now being the first award, and the fancy block "B" the second. When a girl earns a "B" she is eligible for membership in the Letterwoman's Club.

The girls' annual celebration of all the G. A. A.'s is called "Play Day." Last year this celebration was held at Granite City, but this year it is to be held at Belleville. The girls are working hard on plans for this celebration at the present time.

DRAMATIC CLUB

First Semester

President SHIRLEY KAYSING
Vice-President HELEN WILLIAMS
Secretary-Treasurer TED KIRCHER

Second Semester

President EDITH HEINZELMANN
Vice-President ALFERD SCHWARTZ
Secretary-Treasurer KENTON CHRISTOPHER

The Dramatic Club is an organization formed for the purpose of giving the members an insight into dramatic works and the art of acting.

This year the club put on a play entitled "A Lucky Break," which was enjoyed by all that witnessed it.

This club is one of the most upward going organizations in school, taking part in all, and backing all school activities.

The programs of the club consist of short plays and readings.

The work of Miss Kriege as sponsor is greatly appreciated by all the club members.

THE ENGLISH HONORARY SOCIETY

First Semester

President EDNAMAE WINKLER
Vice-President RALPH SIMMONDS
Secretary-Treasurer EMILIE STEIN
Sponsor MISS MOLLES

Second Semester

President VERA SIDDALL
Vice-President IRMA DILL
Secretary-Treasurer ELSA KELLER
Sponsor MISS MOLLES

The English Honorary Society was organized in the Fall of 1928. It is restricted to students making an average of eighty-five in English.

Its aim is to promote literary interest, to assist students to make a good public appearance, and to stimulate cultural activities.

The English Honorary Society has had many interesting programs during the past year. They have been entertaining as well as educational.

The programs have consisted of a variety of numbers including readings, short stories, dramatization and musical selections. The club members also enjoyed several theatre parties.

BOARDERS AND DANCERS

Synopsis

John Bruce, born in a little town in Connecticut, returns, after an absence of 20 years, to build a factory for his people. But the land necessary for his factory is owned by his enemy, Abner Ketcham, who refuses to sell it and plans to convert it into a cemetery. Abner's nephew, Benny, a "super-salesman," undertakes to dispose of the cemetery lots by high-powered salesmanship, and then relaxes from his labors by playing the trombone. John secretly plans to buy up all the lots from Benny. A rumor gets abroad, however, that he has suddenly lost his fortune in a Wall Street crash. Having fallen in love in the meantime with a girl who insists on marrying a poor man, he allows the rumor to go on uncorrected. To make his poverty convincing, he takes the position of clerk at the hotel where he is staying. Complications begin to arise, multiplied by Uncle Abner, the hotel guests, and Benny's trombone. But at the right time, John rises above his difficulties, puts his house in order, marries his girl, and buys Abner's cemetery upon his own terms. The play ends gloriously for everybody.

CALENDAR

September

- 4—Who turned loose the Kindergarten??? Tillie finds worm in her salad. Mrs. Jones must be up to her old tricks.
- 5—Mr. Allen's new soup strainer discovered.
- 6—Ed Key makes three Freshmen girls believe that he is Mr. Campbell.
- 7—Seniors begin to make their appearance. Too bored to come sooner.
- 10—The old grind starts and more Seniors arrive.
- 11—Martha Schmeiser comes to school with a hair cut and new permanent wave. Vast improvement! We are honored with visits from many old grads, who just couldn't stay away any longer.
- 12—Club day.
- 13—Big time in the staff room. Walls (which have just been cleaned) receive beautiful decorations.
- 14—"Papa" discovers the artistic talent displayed on the staff room wall. Trouble and the staff has to pay for it!
- 17—Mr. Nebelsick's History classes are at it again.
- 19—Orville Hollerbach loses his mustache—Les Groh is responsible.
General Assembly—Mr. Schmidt informs us that we should always keep the campus clean.
- 21—Staff room gets cleaned!
- 24—Our beloved faculty decide that it is time to give us tests. Curses!
- 25—Peculiar strong odors waft through the school.
- 26—Aha! Mystery discovered. The staff room is being painted blue and orange. Patriotic, eh what?
- 27—Jeff McKain goes in training to be a janitress. Just ask her about the paint she spilled on the staff room floor.
- 29—First football game of the season. Marissa vs. B. T. H. S.—We won!

October

- 1—Blue Monday!
- 2—Ralph Kaeser catches up on sleep, 7th and 8th hours in Mr. Trabue's classes.
- 3—Club Day! Staff room gets two more tables.

CALENDAR—Continued

October

- 12—Last day of school week. More Whoopee!
- 15—Mr. Riley and Mr. Staples display their new cars.
- 16—Paul Jaekel falls asleep in History 4 class.
- 17—Staff buys a new typewriter. We guess that means that it's time to begin work.
- 18—Jo Harrison gives a brilliant recitation in History. Icky D. wins a close second. (Sarcasm).
- 22—Ralph Kaeser, Fred Kastel and Ed Key go to sleep in the back of Mr. Trabue's room the seventh hour. What's the matter, boys? Bad week-end?
- 23—Great rejoicing! No more school this week. Teachers have to go instead. Ray!
- 29—Back again to the asylum. Staff meeting after school and more blushings.
- 30—Second hour Civics class is very much entertained. Ed Key and Miss Miller have a round about smoking at the service drive. Somehow or other we don't believe Miss Miller likes it. Does she, Ed?

November

- 1—Rainy day! Several boys start a strike against cafeteria lunches by bringing their own lunches. If this keeps up maybe Mrs. Jones will go broke.
- 2—More rain! Ag. classes have display. They also sell cider and apples. Leave it to Russ to appreciate the cider keg.
- Alumni game. We won. Goody!
- 5—Mr. Trabue kicks a couple of "dignified" Seniors out of Economics. Who were they?
- 6—Election day. Great excitement prevails. Everybody is making bets. Come on, Hoover!
- 7—Many sorry faces and funny sights, and all on account of the election. It's the women who pay. Doris Hemmer wears a black ribbon on her ankle. Joanna Grombach wears a sign on her back. Catherine Daesch has a huge hair ribbon, and Sally comes with her flowing tresses hanging down.
- 9—Russ Hausman and Icky go tearing around the campus robbing the children of candy.
- 12—Armistice Day. B. T. H. S. is the only place in town working. Curses!

- 14—Valentine's Day. Hy-News on sale. English 8 classes exchange valentines. More fun.
- 15—Staff room is plastered with works of art.
- 19—Enter Mr. Schmidt. He certainly has a mind of his own when it comes to criticizing art decorations.
- 20—General Assembly. Bernadine answers Wendell's speech. Baby what a dandy! And how—the girls did cheer. Play, "New Brooms" given.
- 22—Ray for Washington! (half-day school). He certainly was a great guy.

CALENDAR—Continued

February

- 26—Arthur Eidman faws down and goes boom in the study hall. Whoopee!
- 27—Mr. Staples had another fight. Getting to be a daily occurence! Maybe he's getting in training to fight Sharkey.
- 28—We wonder why Stribling's followers look so disgusted.

March

- 1—Edward K. drops his spoon in History. Nebbie chases over to cafe to take it back.
- 4—President of U. S. inaugurated. Nothing changed at the school. Magazine salesman entertains fair members of the Bellevinois staff.
- 6—Baby mouse in staff room. Zack and Irvin come to the rescue with a butterfly net.
- 7—Mr. Thorne gets metal.
- 8—Tournament. Ray! No school.
- 11—Leroy S. is back at school! Very much a hero!
- 13—Mr. Yarbrough begins to umpire baseball games.

- 25—Fred Kastel crashes the school gates wearing knickers.
- 26—Art Kastel makes a slide for Sociology room.
- 27—What caused the peculiar smell in the Sociology class? Does Ed Key know?
- 29—Why all the sudden religion among our fellow students on Good Friday? Ah! We know.

April

- 9—The class of 1928 donates a sun dial to our school. Now we can't be late for our classes.
- 11—Something very unusual happened—it rained!
- 12—Lettermen attempt to give a dance. Twelve couples crowd to dance floor.
- 17—"Candidates on Parade." Beauties of the school put on display.
- 19—Carnival man takes students' pictures at 10 cents each. It was a great bargain.
- 24—Beginning of the Junior-Senior fights.
- 30—The staff starts to cut up (paper of course). Amy has a swollen lip. Merely got hit with a rock.

May

- 3—Music Festival at Alton. Everybody should have bought a one-way ticket.
- 6—Bellevinois goes to press.

LAST WILL AND TESTAMENT OF THE CLASS OF 1929

Section 1

We, the members of the class of 1929 of the Belleville Township High School, better known as the Asylum, of Belleville, Illinois, and the United States of America, for the benefit and amusement of the remaining motley crew of this highly esteemed institution, we make our last will and testament.

Section 2

To Mr. Schmidt, our beloved principal, we will the privilege of turning night into day, just as long as he wants to.

To the faculty, we will a new line, that will make their classes more interesting.

To the Junior class, we will a new president—one that has a limited vocabulary.

To the next Bellevinois staff, we will the ability to please the whole school.

To Mr. Yarborough, we will a new pair of shoes, as he wears out so many pairs parolling the corridors.

To Mr. Thorne, we will a new vocabulary, so he can bawl out the next staff successfully.

To the Sophomores, we will the privilege of becoming jolly Juniors.

To Mrs. Jones, we will a new kitchen force, as variety is the spice of life.

To the Freshmen class, we will the good policy of looking up to the upper classmen, to keep themselves out of trouble.

Section 3

I, Amy Bridgs, will Les Groh to Mary Ferkel (with my compliments).

I, George Altmansberger, will my way with the women to Bud Steingoetter.

I, Bernadine Bullington, will my ability to sing to Myrna Waddell.

CLASS PROPHECY OF '29

Two thousand years ago an old witch stirred the heart of a gallant knight with tales of the future. Today there are no knights, but the tales remain. Listen to this one of the year 1970.

Far away in an unexplored country, just north of the Phillipines, there lived a family by the name of Jones. The wealth of this prosperous family was not exactly known, but it amounted to that of nearly all the European countries at the time of Louis XIV. Still the Joneses were common place people, and a favorite pastime in their simple life was searching through a strange old cave, about six miles west of their mansion.

To enter this cave it was necessary to travel downward by hot ice steps until a frozen sea was reached. The sea was a vivid hue of red, and as one crossed it on the cakes of ice the color practically blinded him. On the other side queer thatch huts inhabited by black and blue men dressed in dull shaded feathers lived in seclusion. Their homes guarded entrances to underground territories. The Joneses had been to two of these places. In the first they found a group of bawling babies and tired parents. In the next they found a complete zoo of unlimited numbers. In the third that they entered, on this particular day they found this:

A very fat man and his wife with nine children (who were between the ages of one and eleven years and who could never get any older), fed visitors mush and fish food on large blue autumn leaves. This proved to be merely a taste of the land. True it was that the family name of this group was Chassels. Bernice Driver had married Francis in 1940, after he had courted her for eight years. Their nurse was a mechanical one, who said "Thank you, mam" when given something to do. This funny girl was invented by Orel Schopp, after Elizabeth Feickert had refused to run away to Mexico with him. Poor Orel had to have someone to help him keep up his spirits (of alcohol).

Next door to this clan, a peculiar man lived in peculiar circumstances. His name was Edward Munie. Of course "Ed" was little known, and had no desire to communicate with his neighbors. In all he had sixty-six friends who really knew him well and they were only dogs. One cute one was three inches long and about three-fourths an inch in thickness. His name was "Hot."

In the nearest house to Ed's (which was ten miles distant) a casion, arranged by Bessie Ash and Sidney Leber, continued in full swing through the night. Thousands of owls stormed the doors continually to hear Bessie bang the ivories and to see Sidney do some green-hot dancing on his hands. Regular comers to this club were Cornelius Meeker and Doris Gundlach, Victor Batha and Dorothy Raetz, and Richard Schramm and Alice Eckert. Wild people like these didn't believe in ever losing their youth by marrying, so they still just went together and fussed freely.

Two of the worst entertainers on the programs were "Tilly and Deenie," the old icicles of Eskimo-land in a little song and dance escapade. Their costumes were most interesting, featuring South Sea Islanders' skirts and a look of consternation apiece.

CLASS PROPHECY OF '29

Continued

The sea food was terrible, since it was prepared by Ray Auerbach and served by Leslie Brinkman, who got his finger in the corn husks of the hot tamales. The knives and forks were entirely new and different, made of spun glass by Milton Spies, a wide awake old boiler worker.

A force of police-women guarded the doors and windows. At the head of the force, however, was a truly noble man. Alan Bate fit in his cop hat and the rest of the uniform so well that the power he had over girls was enough to keep peace in any place. Other notorious people of the squad were Helen Hinkley, Geneva Vogt and Mamie Triska. The girls talked a lot and acted no less.

In a green room under the cellar was another scene worth considering.

A community home supervised by Adele Ruhman took care of all the former B. T. H. S. classmen (notice that they were not called students). The halls were gorgeously decorated with Persian rugs, street lanterns, and bunny tails dyed red, purple and yellow. All the ladies wore gold and blue sunback pajamas, and the men wore sheet metal trousers and pink chiffon blouses. Boxes were worn for shoes and tomato cans for Ga-ga hats. Beautiful!

Harold Fuess led a long line of tumblers around and around until one by one they fell exhausted to the floor screaming something about "Nuts, nuts, grape-nuts, gimme 'em to eat." Finally Solomon Smith and Eugene Towers sketched a mean Tiger Rag for the poor dizzy men with Luella Friend, and then threw her to her two husbands, Raymond Breautigam and Irvin Fox. (Oh my yes. Most anything was allowed at this place. Even Polyandrists).

So much noise came up from the institution to the casino that the owls were sure something had gone wrong with the plumbing. The master workman, Hershel Fruth, was summoned and he proceeded to tinker around a bit. His truck driver and also truck horse was Paul Schlesinger. The very same, but now he had forgotten to smile and dance for the pretty ladies.

After about three hours of constant fooling about, the able fellows found all the cause of disturbance in the kitchen. There Helen Williams, as chief bottle washer, and Juanita Wilson, chief assistant, were slinging things right and left in a noble fashion. Mary Klingel furnished plenty of amusement for the women with vocal selections and a perfectly tuned mouth harp. Robert Kloess was the handy man, but somehow he didn't accomplish much when Little Edith Randle the cinder girl came around. Hearts are like that at times. Eleanor Kuhn, Doris Hemmer and Elma Trieb were spiffy fly-catchers, doing the world a great kindness by running to and fro with effective fly weapons such as large nets and sticky paper. Even the best athletes must keep in training, you see.

To make the place so gorgeous and fine, the best interior decorators were necessary. Shirley Kaysing, Virginia Phillips, Lydia Sauthoff and Kenneth Mason did their stuff in this line of play. Poor Kenneth got the little end of the lead though. He had to do as the others commanded and then he never got any credit for it. Some of his beautiful work in tapestry wasn't even noticed. And it was his very own idea to nail all the old shoes on the walls to add uniqueness.

Only a few people realized the importance of themselves. Two grand folks were Hazel Lippert and Eugene Finke. They sang songs to each other all about love and roses. I wonder how they got that way and everybody else does too.

CLASS PROPHECY OF '29

Continued

In a quiet boiler room Marie Seibert giggled to her heart's content and Armin Gantner kept perfect time with his Sousaphone. Near these two irresponsible kids Ruth Adams and Lily Nicholson sat in a orange plush breakfast nook chewing gum and making snappy cracks about Elmer Casperson, their youthful guardian of 94 years and \$100,000,000.

All of a sudden Icky Deutch came running in to tell about his new store. His most able clerk was Mildred Kuhn, who could sell hair tonic to a bald-headed man. His salesmen were Wendell Hoover, Robert Sterling and Ed Key. They, of course, had to be interested in the fine godson of the proprietor to keep their jobs, and they simply raved about the decorations of the place. How dear the vitaphone films fit the walls, and the advertisements were the latest things as everyone knew.

Icky's adoration of the H. S. faculty was shown by his erecting large statues of pigs in memory of Mr. Lentz, a huge typewriter for Miss Siegert, and a lovely plaster guns for—oh well, you know who. The honorable Fred Kastel had the pleasure of dusting these useless articles every two hours, and George Altmansberger kept strict account of all the wasted dust scattered about the floors. Oh, George had been very successful with his noble weekly pamphlet, the "Daily Clatter." The store kept all good buyers in touch with the latest styles and rot. E. Deutch is funny that way.

The punishment served to all men, women and children who talked against the prices in the store was terrible. A deep dark steps led to the mystic centers below. A long ladder made of beautiful girls extended far beyond where the rope stopped. Stiff threads stretched over their bodies to make them wiry and wearing. By dropping down ten feet after sliding down the ropes one hit a soft warm mud. A narrow gilded sidewalk was built around the edge of the dark hole. Large cans were suspended on the walls. Deep moans from wild rats inside the cans broke the silence. A slender old man, leaning on a crooked staff, carefully lifted the lids and inspected the contents as he went his rounds. This person was none other than Irvin Jerger. An old woman sat on the edge of cold white steps at the door of a tiny cottage. She swayed slowly to and fro. She, the rythmatic, Irene Reheis, was the charge of Irvin. She had been connected with a big robbery, and Irvin, longing to get her in his power, succeeded in getting her paroled to him.

Their housekeeper, the demure Amy Bridges, maintained a swimming pool in the parlor of the cottage. She gayly waved her hand to all comers to swim in her bath tub. Her first victim was Captain Humphrey, all dolled up in his abbreviated basket ball outfit. Of course, he was attended by his able valet, Arkell Weygandt, who warned him not to go near the water; but Laura Kniepkamp, a fair mermaid, insisted on Hump taking a bath. (One can hardly blame her). Finally Hump jumped in,

only to find it scorching hot. Laura had succeeded in winning her man. Then Jo Harrison came forth to gain a victory. However, it takes more than one woman to win Emmett Schmidt, so Josefa McKain and Ellen Thompson strode forth to aid her with an entirely new line—of wit. It was not until Ellen wound up her powerful left that Schmitty began to fall. Another sizzling sound and a rich gain for three happy girls.

A most beautiful spot was beyond this place, but in the same domain. The key for entrance was passing the hot water test. A tall wall covered with vines and flowers surrounded a sunken garden. The biggest flowers grew on short trees in clusters of forty thousand. The smaller flowers covered the lawn. Old lovers still walked the lanes holding hands and cooing mushy nothings to each other. Here were Elmer Imber and Mary Louise Goelitz, Arthur Kastel and Wyoma Stiehl. Claude Marxer, Roy Brunsman and Edward Cammack, the snooply caretakers, lifted up each flower and blade of grass as they were crushed under the light step of the happy couples. In this way they also learned the plans for elopment and marriage by John Sutherland, a prominent minister of the day.

In one far corner of the round garden two Boy Scouts had pitched their tent and built a low fire in front of it. Guess who they were? Only those funny men, Ted Kircher and Henry Zaber. These fellows were so loyal to their manly selves and womanly others, their aid was Kenneth Green, who sat in the hush of the evening and read deep poetry for hours at the time. But Kenneth's heart was elsewhere. Frances Logan, in all her bold grandeur, had made him fall.

Suddenly a heavy step sounded dully on the best flower bed. There came the fireman, Walter Hasheider, to put out the burning hearts and the camp fires. Came then Margaret Schuessler and Mildred Weygandt. Of course, the flowers nodded with understanding as they strolled toward the innocent men with their eyes rolled toward the moon. These wicked women were displaying the latest Paris frocks of plain black sateen, low heeled tan Oxfords and white cotton stockings.

Kenneth was just then reading something about Sweethearts, and Ralph Kaeser and Ralph Tegtmeier. No doubt he had just remembered they had been one of the couples married in a double ring ceremony on a rainy cloud at the top of an ant mound. Some other poor couples were Eleanor Goelitz and little Norman Vogler and Eugene Rodemich and Dorothy Reifel. But the last named couple had agreed perfectly in one thing, and that was to shoot each other with the Big Bertha in Avolon town.

The next day it rained and the shovel handle broke. All the hotel waiters and chamber maids were busy cleaning the cellars and chimneys with tooth brushes. How black Irma Pfister became! And Eleanor Wright was a mess. But of course the Eddies, Logan and Pruessing, were as neat as pins and all stuck up.

Then Hirthie groaned, rolled over and fell asleep as his baby brother kissed him good night and turned off the electricity.

MARVEL OF BEAUTY AND CONVENIENCE

A model kitchen made with Curtis kitchen units
Prices are most reasonable

HERE are new Curtis items...individual kitchen units that can be grouped and arranged to fit the available space in any modern home or apartment—particularly adapted to remodeling work.

The picture shows a grouping of

these Curtis kitchen units to suit the whims of one famous cook. But the units can be fitted together to meet the requirements and needs of any housewife. They come sanded and ready for any finish necessary to harmonize with any color treatment.

And the price is amazingly reasonable.

These Curtis pieces you can see in our office. We invite you to admire their distinguished beauty of design and materials and to learn more about the entire Curtis line. Curtis woodwork will make your home interior different from that of the usual run of interiors. Make an appointment with us and we will show you why.

CURTIS kitchen units can be obtained in any desired combination. There is an ample range of sizes to meet every condition of wall space and room size.

Note these three features

that make Curtis kitchen units especially popular with women. Cutlery drawers tilt forward as they open. Likewise sugar and flour bins tip downward. They are easy to get at and easy to refill.

JOKES

Miss Miller: "Bernadine, where did you get that chewing gum? Now I want the truth."

Deenie: "You don't want the truth before the whole class, and I'd rather not tell a lie."

Teacher again: "How dare you say that I don't want the truth? Tell me at once where you got it."

The Student again: "Under your desk."

"Who is the black prince?"

"He must have been the son of Old King Cole."

* * * * *

"Maryn dear, won't you sing something?"

"But it's time for the guests to go home."

"I know that. A little encouragement won't hurt them much."

* * * * *

Oh yes, Florence K. is one of those Venus De Milo girls, "Hands Off."

"Let us put our heads together and build a concrete problem," said Mr. Hexter to his solid geometry class.

"What did the Limburger cheese say to Lindy?"

"Oh boy, what we did for the air."
